

FAMILY  
(Eric Bibb/Glen Scott)

Won't waste your time tryin' to sell my point of view  
I'll just tell you, so you'll know who  
Who I am  
Just a wee bit more  
Gettin' to know each other  
That's what life is for

*Chorus:*

I am like you  
Woman born  
I am like you  
A child of God  
You are like me  
Here to learn from history  
You are like me  
Family

Let's open our eyes, call a spade a spade  
Someone makin' money by keeping us afraid  
Afraid of each other  
Back in time we might have been  
Brothers from a different mother  
They called it a sin

*Chorus x2*

*Family...*
